

Children's Advocacy Center of Southern Arizona hosts free **IN-PERSON** training:

GOLD FROM THE CRUCIBLE- THE HARD-EARNED GIFTS OF CARING FOR OTHER PEOPLE'S CHILDREN

Give yourself time to reflect on your role as a parent of children born to others. What are the crucible moments - the tests and challenges - that have the power to draw out the gold in our character? What do heat and fires we walk through with our children teach us? If we are open to change, if we can live with unanswered questions, and hold onto hope, we become stronger, more resilient people. In doing so, we model these gifts of gold to our children.
